## My Math Pathway!

$11^{\text {th }}$ Grade
Geometry
Algebra 2
Pre-Calculus or Statistics

## $12^{\text {th }}$ Grade

Algebra 2A
Practical Math/Personal Finance
AP Calculus

## There 3 Math Pathways that you might travel on in high school.

What matches your skills and needs? Need a slower pace or accelerated?

What are your interests? Maybe you want to attend ACATEC or earn as much college credit as possible.
What matches your goals? What math course is best for your future career choice?
